

# Medication Therapy Management

A robust MTM solution for community pharmacies

assurecare®

**AssureCare's innovative solutions empower community pharmacies with an integrated platform to streamline workflows and complete encounters.**

Utilizing AssureCare's MTM solution, pharmacists can efficiently complete Comprehensive Medication Reviews (CMRs), Targeted Medication Reviews (TMRs), and additional interventions. Our platform is equipped with assessments that leverage technicians for proper escalation to the pharmacist.

## We Provide:

- Clinical services to support role-based tasks.
- Quick assessments that escalate as appropriate to the pharmacist.
- Integration with pharmacist eCare Plan and CPESN's network capabilities.
- Extensive and configurable reporting and dashboards.
- Configurable rule sets for patient stratification and targeting (PQA, STARS, HEDIS measures).
- Chronic disease management and real-time triggering of opportunities.
- Ability to integrate with dispensing systems.
- Billing for medical services at the point of care, empowering pharmacists to practice at the top of their license and provide a revenue stream of payer reimbursement for pharmacies.

For over two decades, AssureCare has helped providers improve the quality of care and increase revenue by streamlining workflows to improve clinical efficiency.

## About AssureCare
